The scheduled finish time for this course is 4-6 months with a schedule of a minimum of 25 hours and maximum of 40 hours per week. Students will attend two phases for this program. Phase I is the initial training; Phase II builds on the skills obtained in Phase I and introduces advanced treatments while giving the student the opportunity to increase speed and become self-sufficient.

OBJECTIVE

Upon completion of the esthetic course requirements, the graduate will be able to:

1. Display personal integrity with self-confidence and a positive attitude.
2. Display effective communication skills, visual poise and proper grooming.
3. Display effective employer-employee skills.

INSTRUCTION METHODS

Milady Standards of Esthetics curriculum is used in the program. Specific tasks necessary for state board preparation and entry-level job skills are taught in sequential steps. Clinic equipment, implements and products are comparable to those used in the industry. Each student receives instruction related to performing useful, creative and productive career-oriented activities. Education methods used include lecture, demonstration, textbook study, hands-on practice, audio-visuals, guest speakers, field trips not to exceed 30 hours, projects and activities.

Phase I:

Phase I is from the start of the program to 150 hours and completing the first mock state board practical exam. The first three weeks of class are designed to introduce each new enrolling student to both the basic skills of esthetics and to demonstrate practical applications required to complete the Facial License Examination (practical portion). Each day a set of practical skills will be demonstrated in which the students are expected to practice over and over in their non-demonstration time during the first three weeks. Week four will focus the students on practicing, packing, and completing the mock state board practical exam. Students will attend lecture and complete the workbook, assignments, and products of the day for each chapter in Phase I. Part-time students will follow the same schedule except that practice time will be during the following four weeks or until the student reaches 150 hours. An exam guideline will be provided for preparation of the mock state board practical exam.

Phase II:

Upon completion of Phase I until graduation from the program, the student will continue to attend lecture and complete the entire workbook, projects/assignments and products of the day until all chapters are complete. All missing and late work will be required before the student will be allowed to take their final exams. Students will complete two final written exams with a grade of 80% or higher and complete 2 mock state board practical exams. Student practical work will be guided by a calendar of applications. Students will focus on clients and become self-sufficient on clients and their care. Students will learn independence and explore advanced techniques. Students will be scheduled clients to practice some of their applications. All other work is to be completed on a manikin or fellow student. All student work must be approved and checked by an instructor.

FINANCIAL AID FOR STUDENTS

ACBHD and ATS participate in Financial Aid Programs to assist students who need money as a way to attend school. Whether a student is eligible for assistance and how much is determined by the need of each individual student. **Every student is different.** The Federal Financial Aid Programs that the school has available to students are the Pell Grant and Direct Loan Program. All students must complete a Free Application for Federal Student Aid (FAFSA) online or at the school before they can be considered for enrollment. Students will need to enter our school code (030234). Our Financial Aid Administrator will assist any student that needs help with their application.

ELIGIBILITY

In general, an applicant is eligible for Federal Aid if he/she meets the requirements below. The applicant must:

- A. Be enrolled at least halftime as a regular student to receive aid from Pell Grant and Federal Direct Loan Programs.
- B. Be a US citizen or an eligible non-citizen.
- C. Show that he/she has NEED (*See Financial Need*)
- D. Not be in default on any Federal Student Loan or Perkins Loan.
- E. Not have an Over award on Pell Grant.
- F. The applicant must make satisfactory progress in their course of study.
- G. Sign a statement of educational purpose saying that you will use your federal student aid funds only for expenses related to attending your school.
- H. Sign a statement of registration status indicating you have registered with the Selective Service, if you are required to do so. The U.S. Department of Education will verify student's registration with the Selective Service. The names of any students, who claimed to have registered, but have not, will be referred to the U.S. Department of Justice.
- I. Be enrolled in a financial aid eligible course.

VERIFICATION PROCESS

Arkansas College of Barbering and Hair Design and Arkansas Technical School have developed the following policies and procedures regarding the verification of information provided by applicants for Federal student financial aid under the Title IV Programs:

1. Only those students selected for verification by the U.S. Department of Education or who have conflicting information in their records will be required to submit supporting documentation. In most cases, the required documentation consists of a completed Verification Worksheet and a signed United States Income Tax Transcript from the prior year. Any conflicting information in the student's file must be resolved before any financial aid may be disbursed, regardless of the student's verification status.
2. No federal student aid funds (Pell grants or Direct loans) will be disbursed prior to the completion of verification.
3. The institution, prior to the completion of verification will certify a Direct Loan application. However, the student only has 45 days from the time the check arrives at the institution to provide the necessary documentation. If verification is not complete by that time, the check must be returned to the lender.
4. Students eligible to receive Pell grants will have until 60 days after their last day of attendance. However, in the interim, the student must have made arrangements with the school for payment of all tuition and fees due or risk termination from school. After the passage of the fore mentioned period, all financial aid that might have been due is forfeited.
5. All students will be notified on a timely basis if they have been selected for verification and what supporting documentation is required. At that time, the student will be informed of time parameters and the consequences of not completing the verification cycle. The institution will notify the student of the results of the verification process and any other documentation needed. The institution will assist the student in correcting any information that is inaccurate and will notify any student via award letter if an award changes. The institution will use as its reference the most recent Verification Guide supplied by the U.S. Department of Education.
6. If student receives an overpayment based on providing inaccurate or conflicting information on any application and refuses to correct the information or repay the Federal funds after counseled by the institution, the school will refer the case to the U.S. Department of Education for resolution. Unless required by the U.S. Department of Education, no Federal financial aid will be disbursed to the student.
7. The financial aid file must be documented with the date that verification is completed. Direct Loan checks are not to be released prior to this date.

8. Students must be achieving SAP in order to receive any credit balances credited to the student. If SAP is not being met, the school will return the funds to the U.S. Department of Education in order to reduce the student's debt.

FINANCIAL NEED

Most Federal Student Aid is awarded based on financial need. Need is the difference between your cost of education (educational expenses such as tuition, fees, room, board, books, supplies, and other related expenses) and the amount you and your family are expected to contribute towards your education. A standard formula is used for all applicants that determine this amount, which is called the Expected Family Contribution (EFC) or Family Contribution (FC). The amount left over after subtracting the expected contribution from your cost of education is your financial need.

Need-based:

1. Federal Pell Grant (does require repayment)
2. Subsidized Loan (must be repaid, interest begins once student graduates or is dropped from the training program)

Non-need based:

1. Direct Unsubsidized Loan (must be repaid, interest accrues immediately when student takes out loan)

FEDERAL AID PROGRAMS AVAILABLE AT ACBHD & ATS

- Federal Pell Grant
- William D. Ford Federal Direct Loan
- William D. Ford Feder Direct Plus Loan

FEDERAL PELL GRANT

Federal Pell Grants are awards of Federal Aid Funds ranging up to \$6345 for the 2020-2021 award years. A Pell Grant is an entitlement, which means it does not have to be paid back. If a student qualifies for an award, he/she will receive it. The amount of the award is based on the Department of Education's determination of the student's need. How much you are actually eligible for depends on the following:

1. Your Student Aid Index Number
2. Cost of education at your school, whether you are a full-time or part-time student
3. How long you will be enrolled in the academic year

APPLYING FOR A GRANT

The necessary forms are available from the school office. The forms are to be completed accurately and submitted on time. The student is responsible for checking the status of his/her application and making sure that it has processed.

RE-APPLYING FOR A GRANT

Federal financial aid does not automatically continue from one year to the next. Students must re-apply every award year. Forms are available from the school office during regular school hours. July 1st of each year begins a new award year.

ARKANSAS RURAL ENDOWMENT FUND LOAN PROGRAM

Students may apply for the Arkansas Rural Endowment Fund Loan provided they live in a rural area or in a city with less than 7,000 in population.

INFORMATION ON LOAN PROGRAMS

WILLIAM D. FORD FEDERAL DIRECT LOAN PROGRAM

A Direct Loan provides low-interest loans for students and parents to help pay for the cost of a student's education after high school. The lender is the U.S. Department of Education...rather than a bank or other financial institution.

DIRECT LOAN ELIGIBILITY REQUIREMENTS

Student eligibility is determined using Cost of Attendance (COA) budget that we establish including tuition based on your enrollment level and program, a room and board allowance, and an allowance for books and supplies, personal expenses and transportation costs. We subtract the Expected Family Contribution (EFC) as calculated on your FAFSA. The difference between these two figures is "Demonstrated Financial Need."

We may revise any student's eligibility if any elements of your COA budget changes. For example, an initial award is based on your intention for full-time enrollment may be reduced due to you changing to part-time enrollment.

APPLYING FOR AN DIRECT LOAN

Applying for a Direct Loan must be done by filling out the FAFSA. The information on the student's FAFSA is transmitted to the school that the student lists on the application, and those schools use the information to assess your financial need for student aid. If you are an undergraduate student attending a school participating in the Pell Grant Program, the school will have to determine whether you are eligible for a Pell Grant before you can receive a Direct Loan.

EXIT COUNSELING

Upon leaving school, graduated or withdrawn, federal regulations require that the student participate in an exit counseling session at www.nsls.ed.gov. This session is designed to provide the student with information regarding rights and responsibilities with regard to loan repayment, which include but are not limited to grace period, loan terms and conditions, where to send payment, payment options, conditions to defer repayment and what happens when the student's loan goes into default. To get an idea of what the repayment schedule might be, the student can get customized estimates by using the on-line repayment calculators at Direct Loans at www.directl.ed.gov/calc.html.

If the students completed Entrance Counseling for Direct Loans, the student will also receive an Exit Guide when they leave the school, as well as signing a statement that they have received the Guide and kept in the file for records. This can be given to them if graduated or mailed to them with their Official Withdrawal Letter.

DIRECT LOAN BORROWER RESPONSIBILITIES AND REPAYMENT PLAN

If a student leaves school, he/she must contact the lender and arrange a repayment schedule. (A student is considered to have left school if he/she falls below half-time status according to the school's definition.) Repayment amount depends on the size of the debt. Students should ask the lender what the monthly payments would be prior to taking out a loan. A Federal Loan is a serious responsibility. Failure to repay a loan can result in the lender (or agency of the Federal government making the loan) suing the borrower to collect the loan. Your future credit rating can be affected and some states can withhold the student's state income tax refund to satisfy an outstanding Student Loan debt. Loan repayment begins 6 months after the student leaves school. The following chart is based on a minimum monthly payment of \$50.00 and a standard repayment period of 10 years. You can also find a Loan Payment Calculator on the Direct Loan website, www.direct.ed.gov/calc.html there are various repayment options; standard, graduated, extended, income-contingent or income based. Provisions are made for certain deferment or forbearance options.

FEDERAL DIRECT PLUS LOANS

Direct PLUS loans are parent borrowers. This loan provides additional funds for educational expenses. FPLUS Loans have a fixed interest rate of 7.6%. Like Direct Stafford, a lender such as a bank, credit union, or saving and loan association make FPLUS loan. Unlike Direct Stafford borrowers, however, FPLUS borrowers do not have to show need, although they may have to undergo a credit analysis. The amount the parent may borrow under the Federal Direct PLUS Program will depend on the financial aid award established by the institution the student is attending. This loan may not exceed the student's cost of attendance minus other financial aid. Federal Direct PLUS may be used to replace the Expected Family Contribution (EFC).

PARENT- PLUS REPAYMENT

Borrowers must begin repayment 60 days from the disbursement date unless special circumstances apply.

SELF-PAYMENT POLICY

The student agrees to pay Arkansas College of Barbering and Hair Design or Arkansas Technical School a monthly payment that shall be applied to the total educational cost. In addition, any receipt of the Title IV funds and/or credits due upon receipt of paperwork and funds shall also be applied to the total educational cost. Any extra charges will be added to the total education cost before financing is complete. Students are not charged interest while enrolled in school. If it is determined that any time during or after completion of the course that information has been falsified or not provided for the determination of the correct financial aid for the student; any refunds shall be charged back to the student's account.

STUDENT WITHDRAWAL

When a student decides to withdraw from the program, they must complete a withdrawal form and exit counseling for financial aid with the institution. The Registrar and Financial Aid Office will review the withdrawal form with the student and determine if the student will have a balance or be owed a refund. During this time the return to title IV calculation will be reviewed with student so that they are aware of what funds if any the institution was entitled to.

Those students withdrawing that have a balance will be required to complete a cash promissory note for a payment plan. All payments are due the following month on the 1st. Withdrawn students that do not make satisfactory payment arrangements will be sent to collections.

REINSTATEMENT OF TITLE IV AID

When a student is reenrolling into Arkansas College of Barbering & Hair Design or Arkansas Technical School within 180 days of their termination date and there was a refund of their Title IV aid, the student may qualify for reinstatement of the Title IV aid. In this event, the school would fill out an administrative relief and send it to the Department of Education for approval of the reinstatement of the funds. As soon as the school has been notified of the approval and the monies reach the school, the student's account will be credited.

POLICY FOR RETURN OF TITLE IV FUNDS

The Financial Aid Office is required by federal statute to recalculate federal financial aid eligibility for students who withdraw, drop out, are dismissed or take a leave of absence prior to completing 60% of a payment period or term. The federal Title IV financial aid programs must be recalculated in these situations.

If a student leaves the institution prior to completing 60% of a payment period or term, the financial aid office recalculates eligibility for Title IV funds. Recalculation is based on the percentage of earned aid using the following Federal Return of Title IV funds formula:

A financial aid recipient who withdraws from Arkansas College of Barbering & Hair Design may have a portion of their aid returned to the Department of Education. The student will earn their aid based on the hours attended in a payment period, divided by the hours in the period multiplied by the aid received or eligible to be received. This will affect what tuition you owe the school.

Percentage of payment period of term completed = the number of days completed up to the withdrawal date divided by the total days in the payment period or term. This percentage is also the percentage earned aid.

Funds are returned to the appropriate federal program based on the percentage of unearned aid using the following formula. Aid to be returned= (100% of the aid that could be disbursed minus the percentage of unearned aid) multiplied by the total amount of aid that could have been disbursed during the payment period or term.

If a student earned less aid than was disbursed, the institution would be required to return a portion of the funds and the student would be required to return a portion of the funds. Keep in mind that when Title IV funds are returned, the student borrower may owe a debt to the institution.

If a student earned more aid than was disbursed to him/her, the institution would owe the student a post-withdrawal disbursement which must be paid within 120 days of the student's withdrawal.

Refunds are allocated in the following order:

- Unsubsidized Federal Stafford Loans
- Subsidized Federal Stafford Loans
- Unsubsidized Direct Stafford Loans other than PLUS loans)
- Subsidized Direct Stafford Loans
- Federal Perkins Loans
- Federal Parent (PLUS) Loans
- Federal Pell Grants for which a Return of funds is required
- Federal Supplemental Opportunity Grants for which a Return of funds is required.

- Other assistance under this Title for which a Return of funds is required.

All prices for courses are printed within the Catalog. There are no carrying charges or service charges connected or charged with any of these programs. Contracts are not sold to a third party at any time. Cost of credit is included in the price cost for the goods and services. The school may make every effort to collect overdue balances. Students are billed for 90 consecutive days. After this period, if payment or payment arrangements have not been made the account will be turned over to a collection agency for collection.

RECOVERY OF OVERPAYMENTS OF NON-INSTITUTIONAL EDUCATIONAL EXPENSES

If a student withdraws, the overpayment of monies disbursed to the student for non-institutional education expenses shall be based on the percent of time completed over the time in payment period. The student shall be responsible for the repayment of the resulting overpayment. No overpayments shall result after half the payment period is completed.

SATISFACTORY PROGRESS POLICY

The Satisfactory Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to the first day of class. The policy complies with the guidelines established by federal regulations established by the United States Department of Education. Students are informed of their progress status during evaluation periods.

EVALUATION PERIODS

1. **Barber/Hair Design Program and Cosmetology Training Program**
1500 clock hours each program

Students are evaluated for Satisfactory Progress at 450, 900, and 1200 actual clocked hours. Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress.

**2. Teacher/Manager/Instructor Program | Instructor Training Program | Esthetics Program | Manicuring Program
600 clock hours each program**

Students are evaluated for Satisfactory Progress at 300 clocked hours. Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory progress is stated below:

The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 67% of the scheduled hours.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation with a grade of 75%. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

- 95 - 100 Excellent
- 85 – 94 Good
- 75 – 84 Satisfactory
- 65 – 74 Unsatisfactory
- 64 – Less Failing

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period may be placed on probation and considered to be making satisfactory progress while during the first probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Progress Policy standards by the end of the evaluation period may be placed on probation. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

RE-ESTABLISHMENT OF SATISFACTORY PROGRESS

Students may re-establish satisfactory progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll within 180 calendar days of the original official withdrawal date will return in the same satisfactory academic progress status as at the time of withdrawal.

APEAL PROCEDURE

If a student is determined to not be making satisfactory progress, the student may appeal the determination. The student must submit a written appeal to the school on the designated form with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

NON-CREDIT AND REMEDIAL COURSES

Noncredit and remedial courses do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours.

RE-ENTRY STUDENTS

Students re-entering school and requires that students re-entering in less than 180 calendar days from the date of interruption, enter in the same progress status as when they left.

It is the belief of Arkansas College of Barbering & Hair Design and Arkansas Technical School that every effort should be made by the parties involved to settle any disputes or misunderstandings among themselves. In the event that the parties are unable to resolve the dispute, the following grievance procedure should be adhered.

STEP 4	The Program Director will meet with the complainant within ten days of receipt of the written complaint. If the complaint cannot be resolved through discussion, the complaint will be referred to the Campus President. The complainant will be provided a written record of the meeting with the Campus President. The contact for the Campus President is director@arkansascollegeofbarbering.com
STEP 5	The Campus President will respond within twenty-one calendar days of receipt of the complaint and review allegations. If more information from the complainant is needed, he/she will be written outlining the additional information needed.
STEP 6	If no further information is needed the Campus President will act on the allegations and a letter will be sent to the complainant within fifteen calendar days stating the steps taken to correct the problem or information to show that the allegations were not warranted or based on fact.

STUDENT COMPLAINT PROCEDURE
